SELLING

80 Powerful Yearling Bulls
20 Top Quality Yearling Heifers
9 Young Bred Cows
4 Donor Cows

Genetics you can count on!!!

Line One since 1947

WELCOME

From the Crew at Cooper Hereford Ranch

It's hard to believe calving season is behind us and another production sale upon us. Time seems to slip by a little quicker each year. 'Tis the season to be joyful, right! The outstanding cattle prices of 2011 seem to be holding strong and will hopefully carry through to weaning and shipping in 2012. Cattlemen are selling stock at prices they never dreamt possible and seeing profits that are long overdue. What a great time to be in the beef industry. And what a great year to invest in good, reliable genetics to help propel your herd into the future.

We started line-breeding over 65 years ago based on the belief that, by maintaining a strong performance line breeding program, we could improve the predictability of our cattle and provide a superior product to our customers. We continue to cull our cattle rigorously and select for traits we feel will keep you satisfied and profitable. Our offering this year is a testimony to the aforementioned. We are proud to offer you the top 75% of our 2011 calf crop along with a uniform set of yearling heifers. We have also elected to offer nine(9) of our young cows (set to calve in April) along with four(4) outstanding donor cows.

The bulls were weaned on September 6th. The group posted an average birth weight of 89 lbs., and an Adj. 205 day weight of 710 lbs. Once in the feedlot, they were fed a mixture of chopped hay, alfalfa sileage, whole corn, and a mineral based protein concentrate. Performance numbers were right on target again this year and resulted in an ADG of 3.40 lbs. which yielded an average Adj. 365 day weight of 1230 lbs. Following are the average EPDs of this year's offering:

CED(+2.1), BW(+2.9), WW(+51), YW(+82)
Milk(+29)-Top 3% of the breed, M&G(+54)-Top 4%
Scrotal(+1.1)-Top 10%
REA(+0.21), Marbling(+0.12), CHB Index($24)

Dr. John Smith, DVM, fertility tested and obtained pelvic and scrotal measurement of all bulls on January 24th. In our continuous effort to offer cattle that are free of any known genetic defects, we have parent verified, IE tested, and diluter tested the cattle. All are guaranteed free.

As in past years, those unable to attend the sale will have the opportunity to bid via LiveAuctions.TV. Buyers interested in using the internet must register in advance. Please contact us if you have any problems creating a username. Also, please visit our website to view videos of the sale cattle.

The cattle will be on display at our ranch March 9, 10, 11th and 12th. Feel free to drop by anytime to visit and view our offering. Coffee and donuts will be served sale day morning, with lunch following at 11:30 AM. The sale begins promptly at 12:30 MST. Following the sale, please join us for a dinner at the Willow Creek Cafe from 5-8 PM.

Thank you for your continued interest and trust in our program. We look forward to seeing you sale day.

Sincerely,
The Cooper Family

Dave's Mobile	(406)570-5519
Sale Barn	(406)285-6670

Terms / Conditions

All sales are cash unless arrangements are made with seller prior to the sale. Each animal will be sold to the highest bidder with the auctioneer settling any disputes. The animal becomes the property of the purchaser as soon as sold. Any death or injury thereafter falls upon the buyer. All animals in the sale are guaranteed breeders. If an animal fails to breed after a trial of six months, it may be returned to the seller in good condition and in compliance with the health regulations of Montana. The seller reserves the right to try said animal for six months, and if it proves a breeder, to return it to the buyer at the buyer's expense. In case an adjustment is required, it will be made with a replacement animal of equal value or credit on the purchase of another animal. No adjustments will be made after (9) months of sale day. Any person attending the sale does so at his/her own risk. Neither the owners nor any person associated with the sale assumes any liability, legal or otherwise.

Herd Health

Herd Health Program for Bulls & Heifers:

Birth: Alpha CD, Cl. Perfringens Type A Toxoid, Vitamin/Mineral, Microbial Supplement
45 days of age: Pulmoguard MPB
Branding: Vista Once SC, Vision 8/somnus
Summer: Ocuguard, Dectomax
Pre-Weaning: Vista Once SQ, Vision 8/somnus
Post-Weaning: Vista 5 SQ, Once PMH IN, Brucellosis Vaccinate (heifers), Reprostar VL5 HB (heifers)
Pre-Breeding: Express FP 5, Reprostar VL5 HB

- The bulls have passed a Breeding Soundness Exam and are guaranteed. They are ear notch negative for BVD virus.
- All sale animals have been tested (IE) Free.
- Montana is once again Class Free with regard to Brucellosis. All cattle will meet the import requirements of their state of destination.

LiveAuctions.TV

Internet Bidding

Real-time bidding is available via the internet for this sale. Live audio and live video will allow buyers to bid on animals just as if they were present at the sale. Buyers must create an account prior to the sale. Please visit http://www.LiveAuctions.tv to create an account and request a buyer number. Instructions are available at http://www.LiveAuctions.tv to walk you through the account setup process. Buyers who would like to bid via the internet must register with LiveAuctions.tv two days prior to the sale.

Web Address . . . . . **http://www.LiveAuctions.tv**

TOP HERD BULL PROSPECT.
This "175E" son displays length of body, tremendous depth of rib, and loads of muscle expression. 110Y is a medium framed bull that is smooth through the shoulders and shows good extension. He has the potential to be a tremendous herd bull with bred-in calving ease, performance, maternal power, and strong carcass data. Dam "9139W" sits at the top of our herd for selection criteria in Milk (+33), YW (+85), REA(+0.30), and Marbling(+0.27). She ranks in the Top 1% of the breed for Milk, and M&G, and the Top 3% in Marbling.

Retaining an interest. Terms to be announced the day of sale.

- Adj. 205 day wt. of 854 lbs. #1 ratio at (119)
- Adj. 365 day wt. of 1361 lbs. (ratio 109)
- Scanned a 14.08 inch REA; 151 Marbling ratio
- Top 1% in Milk(+35), M&G(+65) and CHB($33)
- Top 5% in WW(+60) and Marbling(+0.26)
- Top 6% in YW(+95) and Scrotal(+1.2); Top 8% in CED(+3.7)
- Top 15% in BW(+2.4); 84 lb. act. birth wt.

A strong performing bull that posted an 810 lb. weaning weight and an Adj. 365 day wt. of 1312 lbs. Full brothers sell as Lots 144Y and 176Y.

- Top 5% of the breed in Milk(+29) and M&G(+54).

Bidder Registration

To help ensure you receive quick and efficient service following your purchase, we would like to have perspective buyers register with us prior to the sale this year. A sale representative will be available the morning of the sale in our sale barn. If you would like to register ahead of time, or for any of you not able to attend the sale, please e-mail the following information to info@cooperherefords.com

Please include : Ranch/Buyer's Name
Name to whom we register animal
AHA number (if you have one)
Address of registered buyer
Phone number
Any pertinent delivery instructions

Thanks

TOP HERD BULL PROSPECT.
This outstanding "9105W" son is short marked with excellent length of body, tremendous depth of rib, and 100% pigment. 186Y performed well on test posting an ADG of 3.89 lbs., and the 5th highest Adj. 365 day wt. in the sale at 1359 lbs. Dam "5142R" is a maternal powerhouse with lots of depth and volume. She is a Dam of Distinction and ranks in the Top 2% of the breed in Milk(+31), and the Top 10% in BW(+1.0) and M&G(+51). She also has an impressive 110.9 MPPA.

- Top 3% in Milk(+30) and M&G(+56)
- Top 10% in YW(+91) and Scrotal
- Full brother sells as Lot 1117Y.

186Y is maternal half brother to the following bulls: CL1 Domino 860U, CL1 Domino 030X 1ET ($13,000 to B&B Cattle Co.), CL1 Domino 042X 1ET($35,000 to B&D Herefords; Vern Younger & Sons, Australia), CL1 Domino 065X 1ET ($25,000 to Coleman Hererfords, Oleen Brothers, Tom & Pat Verquer & Sons).
Retaining a 1/4 in-herd semen interest.
